

# 18th Annual Lactation Consultant Comprehensive Update

Monday - Friday, April 26 - April 30, 2010

Registration: 8:00am (daily)

Program: 8:30am - 5:00pm (Monday - Thursday)

8:30am - 4:00pm (Friday)

Limited to 40 participants!

## Location

The Andrews Center  
3024 New Bern Avenue  
Raleigh, NC 27610

Directions and parking information will be mailed with your confirmation letter.

## Program Description

The Lactation Consultant Comprehensive Update is an in-depth overview of human lactation and breastfeeding management. It is designed to prepare experienced clinicians to provide optimal breastfeeding care to mothers and babies, as well as prepare those clinicians who may be sitting for the International Board of Lactation Consultant Examiners (IBLCE) Exam. During the five-day program, there are lectures, group discussions, small group activities, slides, videos and extensive written handouts that reflect the areas addressed by the IBLCE Blueprint for Certification Examination. Each topic is related to clinical practice by experienced lactation consultants and other healthcare professionals with specialized expertise.

## Target Audience

Healthcare professionals including: lactation consultants and students, nurses, registered dietitians, midwives, physicians, physician assistants, speech pathologists, physical therapists, nutritionists, social workers and students of healthcare professions

## Objectives

1. Explain the significance of the interrelationship between the infant's feeding behavior and maternal milk supply.
2. Describe the causes and treatments for sore nipples based on the mother's symptoms and the baby's behavior.
3. Develop a care plan for a preterm infant and mother to optimize both infant nutrition and breastfeeding.
4. Identify various medical, social and physiological issues that may influence breastfeeding.
5. Identify counseling techniques that can facilitate successful breastfeeding.
6. Discuss the role of breastfeeding in public health and public health promotion.
7. Describe how to use the Ten Steps of the Baby Friendly Hospital Initiative to create evidence-based patient care policies.
8. Identify strategies to provide optimal clinical care for breastfeeding mothers and babies in an institution that has not yet achieved Baby Friendly status.

# Wake AHEC

Educating present and future healthcare providers

Part of the North Carolina AHEC Program
