WakeAHEC

BETTER HEALTHCARE THROUGH EDUCATION

Join a national network of AHEC Scholars and develop the skills you need to make a difference in our state of health.

The NC AHEC Scholars Program recruits, trains, and supports a diverse group of students, creating a multidisciplinary team of health professionals committed to both community service and the transformation of health systems across the state.

With an emphasis on individuals from underrepresented minorities, disadvantaged/rural backgrounds, and first-generation college students, the NC AHEC Scholars Program aims to improve the diversity and distribution of all health professions.

AHEC Scholars at Wake AHEC will receive a \$400 per year subsidy, subject to academic or institutional approval. Each AHEC Scholar will receive an NC AHEC Scholars Certificate, setting them apart from other students in an increasingly competitive environment.

The NC AHEC Scholars experience

- Two-year program
- Runs September 1st–August 31st, beginning in 2018–19
- 40 hours of didactic and 40 hours of clinical work each year
- Invaluable networking opportunities

Curricular components may include:

- Interprofessional education
- Behavioral health education
- Social determinants of health
- Cultural competency
- Practice transformation
- Current & emerging health issues

NORTH CAROLINA AHEC PROGRAM
A Member of the National AHEC Organization

The AHEC Scholars Program is part of the National AHEC Organization, which supports and advances the Area Health Education Center (AHEC) network to improve health by leading the nation in recruitment, training, and retention of a diverse health care work force for underserved communities.
