

Unveiling the Mask: Cognitive Processing Therapy

Wednesday, March 30, 2022

Registration: 8:30am Program: 9:00am – 12:15pm

Andrews Conference Center

Event #670881h

Program Description: This informative and interactive workshop will provide participants with the necessary interventions to promote healing for adults experiencing the effects of traumatic life events and related conditions. Recognized as a best practice model for the treatment of PTSD, Cognitive Processing Therapy (CPT) has proven to be effective in treating trauma, depression, and related conditions. Through case examples, participants will increase their awareness of the effects of trauma on adults and learn interventions to prompting healing.
