29TH ANNUAL THOMAS B. DAMERON JR.
ORTHOPAEDIC CONFERENCE

EMERGING TRENDS IN ORTHOPAEDICS

**A Look at Current Treatment Options
for Musculoskeletal Care**

SATURDAY, OCTOBER 14, 2023 • 8:00 am – 12:00 pm

The McKimmon Conference and Training Center
1101 Gorman Street, Raleigh, NC 27606

REGISTRATION: 7:30 am • **PROGRAM:** 8:00 am – 12:00 pm

The purpose of the 29th Annual Dameron Lectureship in Orthopaedics is to assist primary care providers in managing common afflictions of the musculoskeletal system.

Join us as we focus on core competence-based sessions that will be immediately useful to primary care providers and facilitate more efficient assessments of patients for better outcomes. Attendees will have an opportunity to learn from interactive demonstrations on musculoskeletal examination techniques.

Target Audience

Physicians and Advanced Practice Providers in Family and Internal Medicine, Registered Nurses and Physical Therapists
