

FRIDAY, SEPTEMBER 22, 2023 • 8:00 AM TO 3:30 PM

Registration 7:30 to 8:00 am William F. Andrews Conference Center 3024 New Bern Avenue, Raleigh, NC 27610

KEYNOTE ADDRESS

Opioids: Cause and Effect - The Doctor and Me

Co-Presenters: Dr. Douglas Holden and Nick Barra

This conference will address pain management from many perspectives and will challenge health care professionals to examine their approaches to the person with acute and chronic pain. Content will focus on the unintended consequences of opioid over-use, the science of addiction as a basis for person-centered, compassionate care and new interprofessional approaches to pain prevention and management.

Target Audience

Physicians, Physician Assistants, Advance Practice Nurses, Registered and Licensed Practical Nurses, Addiction Specialists, Dentists, Oral Surgeons, Dental Hygienists, Rehabilitation Therapists

Keynote Speakers

Douglas Holden, DDS, MD, MHCM, MBA, is a Board Certified orthopaedic surgeon practicing in Fairlawn, New Jersey. He is a Fellow of the American Academy of Orthopaedic Surgeons and a Diplomat of the American Board of Orthopaedic Surgery. CLICK HERE TO LEARN MORE. **Nick Barra** is an electrician, father, veteran, mentor/sponsor who has overcome opioid addiction and has helped numerous individuals on their journey to sobriety. The two have presented their story in a multitude of settings and to various groups including grade school, middle school, high school as well as multiple medical and nursing conferences. Their stated purpose is "to make people aware of the causes/risks of addiction and to also show that there is hope when those affected can get proper help."

IN COLLABORATION WITH WAKE COUNTY HEALTH AND HUMAN SERVICES-DRUG OVERDOSE PREVENTION INITIATIVE

RECRUIT TRAIN RETAIN

Learning Objectives

At the conclusion of this educational activity, the participant should be able to:

- Discuss the risks, causes, signs of addiction and the potential hope for recovery when proper help is provided.
- Detail the neurobiology of addiction and its implications for compassionate patient-centered care.
- Define Harm Reduction in terms of its purposes, strategies and role in the safe treatment of substance use disorder.
- Describe the use and effectiveness of Suboxone and Buprenorphine for pain management.
- Recognize non-pharmacological alternatives for pain management to include behavioral health therapies, physical therapy interventions and acupuncture techniques.
- Explain regional and femoral blocks as new treatments for acute and perioperative pain.
