## NC HEALTH LAW UPDATES 2023

### ADOLESCENT HEALTH AND NC LAW: UPDATE 2023

VIEW "ON-DEMAND"

The purpose of this webinar is to provide current information about NC public health law as it pertains to issues such as consent and confidentiality for adolescent health care. Topics will include the types of health services to which minors can consent, the confidentiality of a minor's health information, mandatory reporting requirements for health care providers, legal responsibilities for reporting suspected child abuse and more.

**Target Audience:** public health department clinical, non-clinical staff and administrators, school nurses, social workers, providers and staff from private pediatric and/or obstetrical private settings

#### Objectives

- Explain current NC public health law as it pertains to consent and confidentiality for adolescent healthcare.
- Identify the general rules and exceptions to confidentiality in adolescent health care.
- Describe health care professionals' legal responsibilities for reporting potential adolescent abuse and neglect.

**Speaker:** Kirsten E. Leloudis, JD, MPH  
Assistant Professor of Public Law and Government  
School of Government  
The University of North Carolina at Chapel Hill

### NC PUBLIC HEALTH LAW OVERVIEW & UPDATE 2023

VIEW "ON-DEMAND"

This webinar will address the current state of public health law in NC. Key topics will include the concept of preemption, remedies for enforcing public health laws and available resources for local health departments. In addition, the duty in NC to report situations in which there is a potential need for protective services for disabled and or elderly adults will be explored.

**Target Audience:** public health department clinical, non-clinical staff and administrators as well as nurses, providers, social workers, from other clinical settings where content would be applicable

#### Objectives

- List four types of laws.
- Describe the interaction of federal, state, and local laws, and the concept of preemption.
- Explain what is meant by "police power" and how it relates to public health legal authority.
- Discuss the different types of local public health agencies and boards in NC.
- Identify resources for finding further information about NC public health laws.
- Describe health care professionals' legal duty to report potential abuse or neglect of disabled and elderly adults.

**Speaker:** Jill D. Moore, JD, MPH
