

WakeMed Stroke Program presents the **20th Annual**

TIME IS BRAIN

Advances in Stroke Care

**SATURDAY
SEPT 13, 2025**

**The William F. Andrews Conference Center
3024 New Bern Ave
Raleigh, NC 27610**

**Registration – 7:15 am
Program – 7:50 am to 4:05 pm**

Please join us for an engaging and informative day with content focusing on the neurologic exam and anatomy cases, intracerebral hemorrhage, complications from stroke, review the AHA guidelines, managing blood pressure after stroke, secondary stroke prevention trials, a stroke survivor story, update on StrokeNet clinical trials, cancer-associated ischemic stroke, aphasia, and post-acute stroke rehab in the home. We look forward to seeing you there!

Target Audience

Physicians, Physician Assistants, Nurse Practitioners, Pharmacists, Registered Nurses, Physical Therapists, Occupational Therapists, Speech Language Pathologists, Case Managers, Social Workers, and other healthcare professionals who care for stroke patients

Learning Objectives

At the conclusion of this competency-based activity, the participant should be able to:

- Review the gross anatomy and physiology of the brain.
- Describe common clinical presentations of stroke.
- Explain the focus of ongoing clinical trials being conducted by the National Institutes of Health clinical trials network, StrokeNet.
- Describe workup considerations and secondary prevention in patients with stroke and malignancy.
- List 4 treatment approaches for patients with aphasia.
- Explain the focus of Home Health care related to safety and patient success in their home.
- Discuss advancements in intracerebral hemorrhage management.
- Discuss secondary stroke prevention trials.
- Explain blood pressure management post-stroke.
